Dear Minister,

### **Scottish Law Commission Reports**

Many thanks indeed for the welcome information concerning the Scottish Government's annual Programme. The Scottish Law Commission is delighted with the operation of the new Parliamentary procedure for SLC Bills, and is also grateful for the diligence and commitment demonstrated by your staff when preparing relevant legislation.

Looking to the future, we welcome the work to be commenced on three further Commission Reports (Cohabitation; Aspects of Leases: Termination; and Contract Law). We thank you and your staff for taking these important matters forwards. Scots law will undoubtedly benefit as a result.

Best wishes,

**(The Rt Hon Lady Paton)**
